ISD Corporation is Awarded GSA Schedule Certification

Holland, MI – October 22, 2009 – ISD is pleased to announce the ISD Payment Management solution is now available under the GSA Schedule 70. The number is GS-35F-0356V.

“ISD is honored to be awarded the GSA certification,” states Kevin Potrzeba, Vice President of Sales and Marketing, ISD Corporation. “With the growth in acceptance of electronic credit card payments, for everyday government activities, this designation now allows ISD to make our payment solutions more accessible to Federal, State, and Local government clients.”

ISD’s software solutions provide all branches of the government with a secure, easy to manage, electronic payment system that provides complete end-to-end encryption of all sensitive data. In addition the ISD solution provides full support for credit card authorization and settlement solutions to all major bank merchant processors including Visa, AMEX, and Discover.

About ISD Corporation

ISD Corporation is a leading provider of secure payment management software and solutions for merchants. For over 20 years, ISD continues to deliver on its mission to provide best-of-breed software solutions which minimize merchant payment acceptance costs and secure sensitive cardholder data. As a result of its singular focus on the merchant payments market, ISD has built a base of more than 200 brand name customers across several market segments including general and specialty retail, grocery, petroleum, and hospitality.
